

## Junior Enrichment Programme 2019/2020

Levels 1-5

Chiswick House School is glad to offer your child a unique experience which is designed to spark the imagination, arouse natural curiosity, and stimulate each child's innate desire to learn. The after-school enrichment classes are packed with engaging activities, which will give children the opportunity to further engage in academic, social, and physical activities. Kindly refer to the timetable for all the necessary information regarding the after-school activities. This extended programme runs daily during term time and in line with CHS 2019/2020 Calendar.

<b>Friday</b>	Lunch/Relaxation	Learning Zone: Academic / Homework Support	Life Skills

At Chiswick House School we are committed to providing a variety of classes to maximize our children's potential, offer added experiences that support and strengthen children's academic skills and fostering a lifetime love of learning.

**Lunch & Relaxation** - We encourage our children to focus on taking up a healthy lifestyle. During this time, children shall sit down together to eat their packed lunches and then engage in fun nutrition related quizzes.

**Thinking Minds:** During this time children will be assisted by a qualified teacher to do their homework and deal with any difficulties that may arise. Additional study and reading help is given throughout this time for those children finishing their work earlier.

**On the move:** Such activities instil a sense of self-confidence in children. Fitness develops a sense of respect and responsibility. During Chess children learn different tactics to sharpen their thinking skills. During Life Skills, children take part in an exciting programme of activities. They develop character skills like resilience, initiative and tenacity; employability skills such as leadership, teamwork and problem solving; and practical skills like cooking and first aid. During Bake Off, recipes will vary from week to week. Apart from baking, children will be doing various activities such as cake decorating, healthy recipes, quick snacks, and mouth-watering fresh smoothies!
